

An Insight to Survey Findings on ISO 45001

Chris J Ward

Chris J Ward

Job Positions

Chris J Ward was an inspector with UK regulator the Health and Safety Executive for 37 years. He inspected and managed inspectors in most manufacturing and service sectors. He specialised in health and safety management systems and revised HSE's guidance HSG 65. He is a member of BSI's OHSAS 18001 committee and contributed to the drafting of ISO 45001. He continues to investigate fatal accidents around the world.

ISO 45001: Will the World Welcome It? Or Reject It?

How the Context of the Organisation will
Determine 45001's Relevance

Chris J Ward 4 November 2016

In association with PECB

Speaker Notes in Website Resources

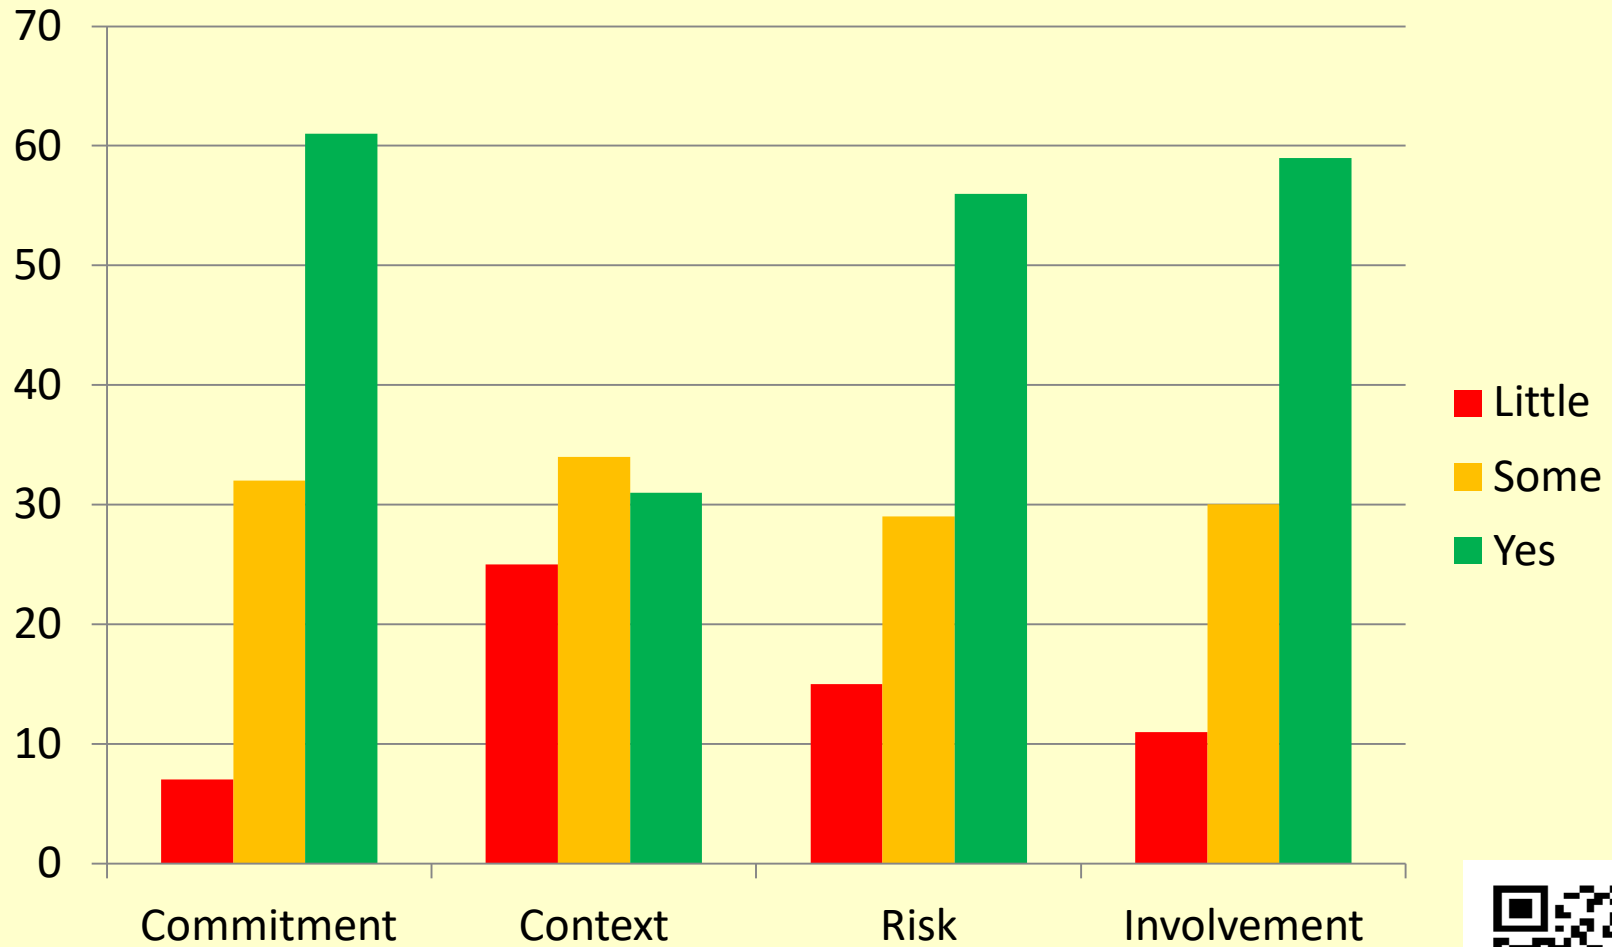

Timeline

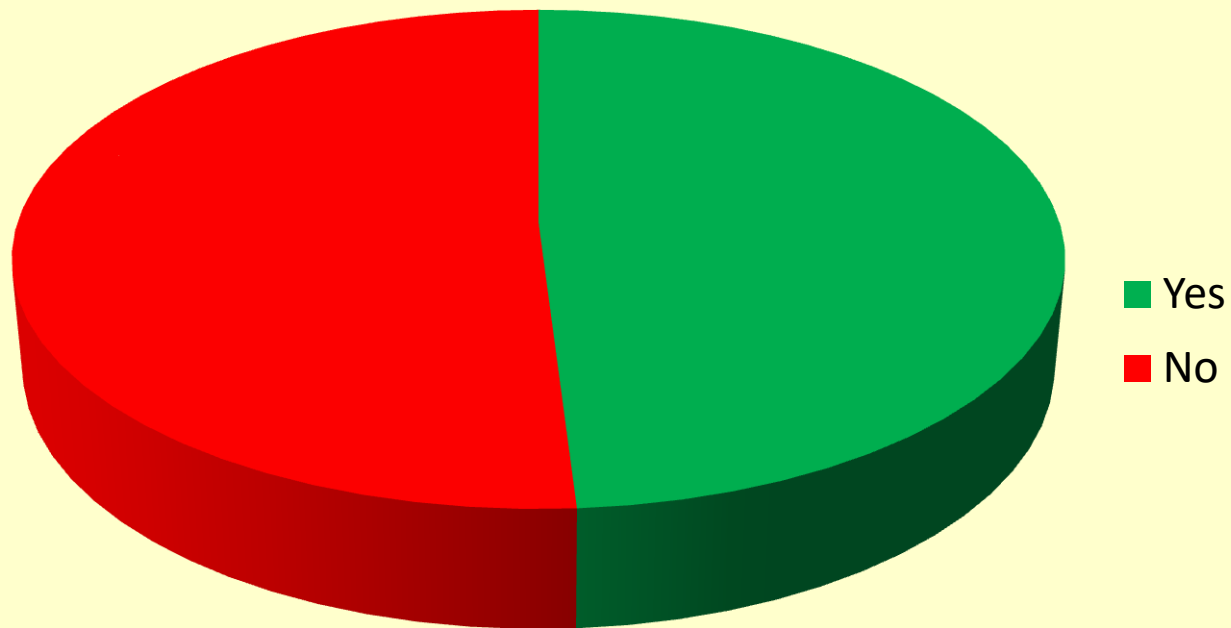

- ISO 45001 Occupational Health and Safety Management System
- Due for Publication October 2017?
- 2nd Draft Standard June 2017?
- Ballot and Decision Summer 2017?
- Based on OHSAS 18001
- Founded on HSE's HSG 65

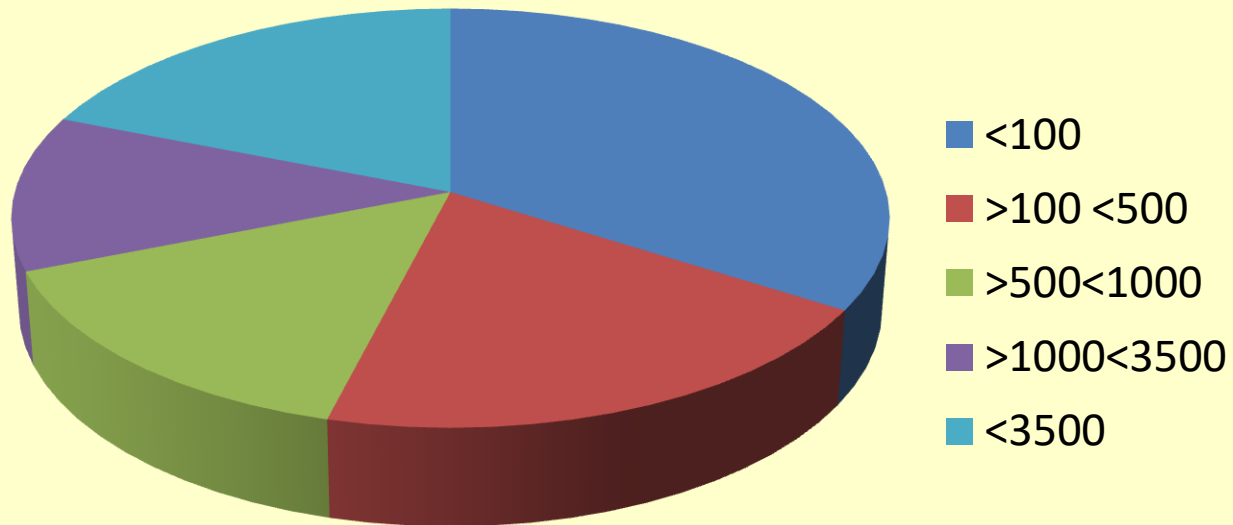

Are Organisations Ready?

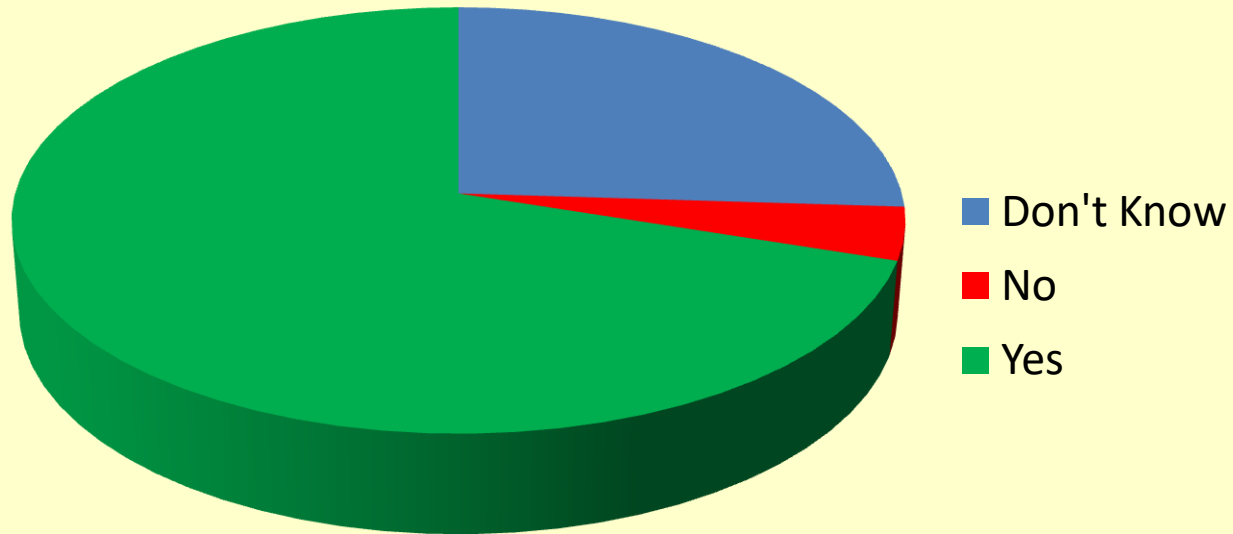

Organisations Using 18001?

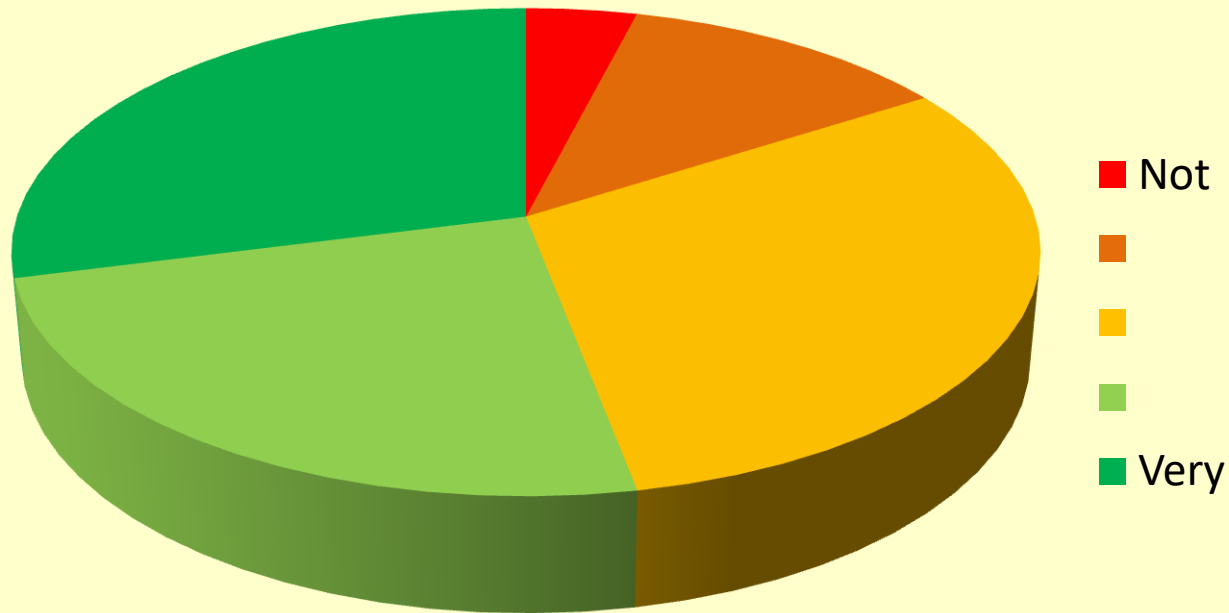

Size of Organisation

In Favour of Adopting 45001

Relevance of 45001 for Organisations with Less than 50 Workers

What does Context mean?

- The organization shall determine external and internal issues that are relevant to its purpose and that affect its ability to achieve the intended outcome(s) of its OH&S management system.
- Understanding the needs and expectations of workers and other interested parties
- Which of these needs and expectations become applicable legal requirements and other requirements
- Context in other Integrated Management Standards: ISO 9001, 14001

Practical Implications of Context

- Geopolitical
- Geographical
- Business Environment
- Internal Resources

Global Influences of Context

- Globalisation
- Unethical Practices
- Cultural Practices
- Corporate Governance
- Reputation
- Employee Exploitation

Organisational Influences

- Production vs Safety
- Client Requirements
- Resources
- Desire: Forced or Voluntary?
- Public Bodies vs Private Sector
- System Management Demands

Examples of External Influencers

- USA Federal Blacklisting October 2016
- BP Deepwater Horizon Blow Out 2010
- Bhopal Chemical Release 1984
- Bangladesh Clothing Factory Collapse 2013
- Alton Towers UK Fairground Accident 2016
